**Notice Regarding Acquisition of 'SBT' Certification  
International Certification for Greenhouse Gas Emission Reduction  
Targets**

A2 Healthcare Co., Ltd. (Headquarters: Bunkyo-ku, Tokyo; President and CEO: Hitoshi Kamiya) is pleased to announce that as of April 30, 2025, our greenhouse gas emission reduction targets have been certified by the Science Based Targets initiative (SBTi) as "NEAR-TERM SCIENCE-BASED TARGETS. (Short Term Target Based on Scientific Evidence) "

\* SBTi (Science Based Targets initiative):

An international initiative established in 2015 by CDP, the UN Global Compact, the World Resources Institute (WRI), and the World Wide Fund for Nature (WWF) to define and promote best practices for science-based target setting and to independently evaluate corporate targets.

**Our targets certified by the SBTi are as follows:**

**A2 Healthcare Greenhouse Gas Emission Reduction Targets**

Range	Base year	Target year	Emission Category*.	Target value
Including consolidated subsidiaries	2023	2030	Scope 2	42% reduction
			Scope 3	25% reduction

\* No Scope 1 emissions at A2 Healthcare

This certification formally recognizes that our targets are ambitious and aligned with the goals set out in the Paris Agreement (to keep the global average temperature increase well below 2°C above pre-industrial levels and to pursue efforts to limit the temperature increase to 1.5°C).

Climate Change is recognized as one of the key issues impacting our corporate philosophy:  
"All efforts for patients, All professional works for clients.

A2 Healthcare Corporation, a professional service provider in the life sciences industry, contributes to the progress of medical and pharmaceutical services, QOL improvement of people through offering professional and high-quality service solutions."

We will continue to develop various initiatives to achieve these targets and promote sustainable management to enhance our corporate value.

We sincerely appreciate your continued support and patronage.
